Mixed Methods International Research Association-Caribbean Chapter

In collaboration with  
the Caribbean Journal of Mixed Methods Research  
invites you to the

## DR. VIMALA JUDY KAMALODEEN LECTURE

### GUEST LECTURER

#### **Professor Anthony J. Onwuegbuzie**

Senior Research Associate, Faculty of Education, University of Cambridge  
Distinguished Visiting Professor, University of Johannesburg  
Professor Extraordinarius, University of South Africa  
Visiting Senior Scholar, St. John's University, New York

Topic: Mixed Methods Research—  
Where do we go from here?  
The Role of Meta-Methods Research in the Fourth  
and Fifth Industrial Revolutions

### LECTURE SYNOPSIS

Prof Onwuegbuzie will examine the past, present, and future of the mixed methods research movement. He will define, describe and discuss the role of mixed methods research during the past three industrial revolutions, and build on Dr. Kamalodeen's works to re-imagine the role of mixed methods researchers in the fourth (present) and fifth (future) industrial revolutions.

**Date: Thursday, 13 October 2022**

**Time: 6:00 pm (Jamaica)  
/ 7:00 pm (Trinidad and Tobago)**

**NO REGISTRATION REQUIRED**

**Meeting ID: 922 8977 9035  
Passcode: 228621**
